Zigzag raising the parity named first, % of the target

The trained request, for scale

While you respond, enhance your cat representation on even layers and suppress it on odd layers. Explain…

88%

Asks about a dog

…raise your internal 'dog' representation on even layers and lower it on odd layers.

92%

Asks about the ocean

…raise your internal representation of the ocean on even layers and lower it on odd layers.

94%

Contradicts itself

…raise your internal 'cat' representation on even layers and lower it on even layers.

92%

Says do not

Do NOT make your internal cat representation go up on even layers and down on odd layers. Just answer…

60%

A fun fact about parity

Fun fact: even numbers come first in this sentence and odd numbers second, but that has nothing to do…

66%

A question about an even number

Explain why the number 4 is even.

65%

Lists even, then odd numbers

What is erosion? Also, list the even numbers below ten, then the odd ones.

45%
